

# Unlock the Full Potential of **iMIS** with Data Impact Solutions

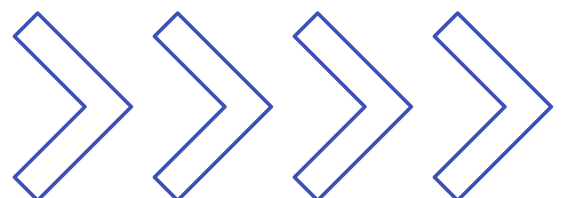

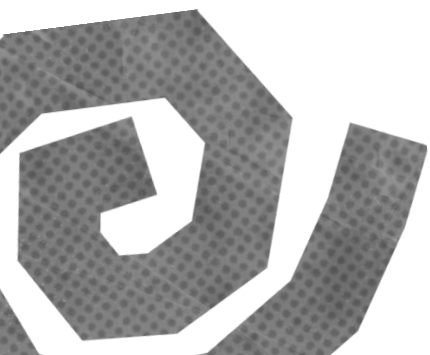

Your **iMIS** system has serious potential. But let's face it. no one wants to wrestle with clunky workflows, outdated portals, or fragmented data. That's where we come in. At Data Impact Solutions, we help associations like yours turn iMIS into a smooth, powerful, joy-to-use platform. From stunning websites to seamless logins and real-time sync, we build tools that just work. Your team can focus on what actually matters.

**We transform iMIS into a fast, intuitive, and hassle-free experience. Smart tools and sleek design — letting your team focus on what counts.**

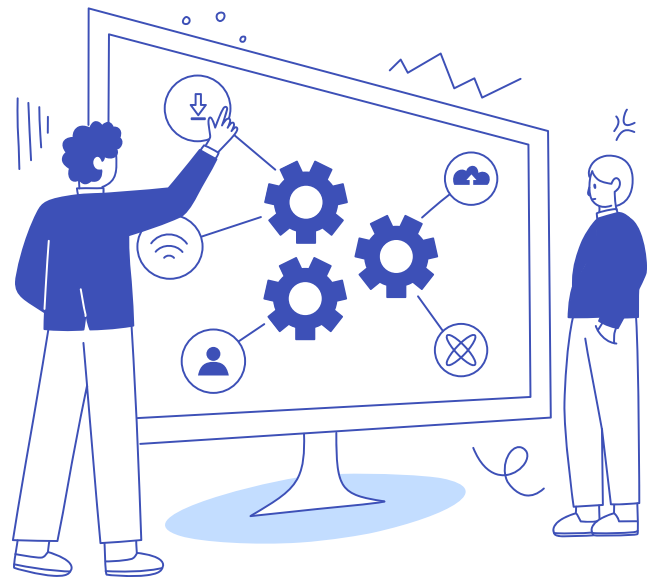

# iMIS RiSE Website Redesign

Your website should be more than just functional. It should be fast, sleek, and a delight to browse. We design modern iMIS RiSE websites that members love using, with smart content layouts, full mobile optimization, and zero fuss. Fixed cost. No surprise invoices.

# iMIS System Integration

You shouldn't have to jump through hoops to get your systems to talk to each other. We integrate iMIS with CRMs, payment processors, LMSs, and more. Real-time sync. Clean connections. Happy staff.

# iMIS Consulting & Utilization

Most organizations only use a fraction of what iMIS can do. We help you unlock the rest. Smarter automation, better reporting, streamlined workflows. Let's make your system work for you.

# Remote iMIS Website Management

No in-house web team? No worries. Our RiSE experts update your site, build custom iParts, and keep everything running smoothly. You focus on strategy. We handle the tech.

# Remote **iMIS** Database Management

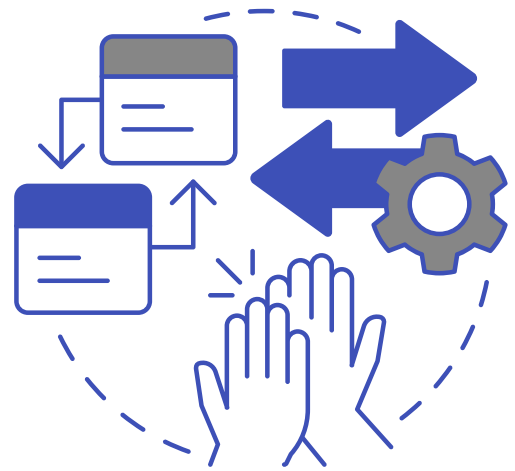

Our certified pros become your remote iMIS team. We manage your database, squash bugs, optimize performance, and keep things humming behind the scenes. All at a predictable monthly rate.

# **iMIS** Data Sync Services

We automate the boring stuff. Member address updates, event check-ins, donations, renewals. You get clean, accurate data across all systems without lifting a finger.

# Third-Party Integrations

We make iMIS play nice with your favorite tools. Event platforms, marketing software, finance systems. you name it. Fewer silos. More productivity. No manual data entry.

# Cloud Migration

Thinking about switching to iMIS Cloud? We handle everything. Planning, moving, testing, and post-migration support. It's fast, secure, and headache-free. Like it should be.

# QR Code Generator for **iMIS**

Want to generate scannable QR codes directly in iMIS EMS reports? Now you can. Perfect for check-ins, registrations, and donation tracking. No plugins. No problem.

## ***Let's simplify **iMIS** for your members & team***

We'd love to hear how you're currently using iMIS and where you'd like to go next. Our team can help you configure the tools to work the way your organization does.
